The Young Widow.

She was modest, but not bashful,
Free and easy, but not bold,
Like an apple, rich and mellow,
Not too young, and not too old;
Half young, half repulsive,
Now advancing and now shy,
There is mischief in her dimple,
There is mischief in her eye.

She has studied human nature,
And is skilled in all her arts;
She has taken her diploma
As the mistress of all hearts;
She can tell the very moment
When to sigh and when to smile;
O, a maid is sometimes charming,
But the widow all the while.

Are you sad? how very serious
Will her handsome face become;
Are you angry? she is wretched,
Lonely, friendless, fearful, dumb;
Are you mirthful? how her laughter,
Silver-sounding, will ring out;
She can lure and catch and play you
As the angler does the trout.

Ye old bachelors of forty,
Who have grown so bald and wise,
Young Americans of twenty,
With the love looks in your eyes—
You may practice all the lessons
Taught by cupid before the fall,
But I know a little widow
Who could win and fool you all.

Death of Mrs. E. H. Taylor, Jr.

The sad news of the death of this cultivated and popular lady which occurred at 2 o'clock a. m., spread over our city on Saturday morning carrying with it more than ordinary sorrow.

Mrs. Fanny Johnson Taylor was the daughter of the late Mr. W. Stapleton Johnson, and was about 65 years of age. She was, before ill-health claimed her, a very handsome woman, and was beloved by all who knew her for her many admirable qualities.

December 21, 1851, she was married to Col. E. H. Taylor, Jr.

In early girlhood Mrs. Taylor united with the Methodist Church, and consistently and earnestly strove to do her duty in all the relations of life.

After the death of her own father, her mother was united in marriage to the late Jacob Swigert, Esq., and Mrs. Taylor was as fondly and sincerely loved by her stepfather as as if she had been his own daughter.

She leaves a husband, four daughters (Mrs. J. Lampton Peake, Mrs. R. W. Kline, Mrs. Phyllis Saffell and Miss Maggie) and three sons (Messrs. J. Swigert, Kenner and Edmund W.), of her immediate

family; one sister (Mrs. James Gill, of Shelby county), one brother (Mr. W. S. Johnson, of this city), and three half brothers (Capt. Jacob, Major Sam'l M. and Mr. Joseph Swigert), and a host of other friends to mourn her death. For a long time she had been in bad health and death came as a welcome release from suffering.

The funeral services were conducted by her pastor, Rev. T. F. Talliferro, from the Methodist Church, on Sunday afternoon at 3:30 o'clock, and were largely attended, evidencing the high esteem in which this modest, retiring and lovely lady was held. The remains were deposited in the family lot in our cemetery.

The tenderest sympathy of many warmly attached friends is extended to the bereaved ones.

When you call for DeWitt's Witch Hazel Salve the great pile cure, don't accept anything else. Don't be talked in to accepting a substitute, for piles, for sores, for burns. Tyler & Hemphill.

Close Call.

Mr. Dan Owens came near being killed on Monday night. He was serving as fireman in place of Mr. Brainerd. When the alarm was turned in the horse attached to the hook and ladder wagon became unruly, and caught Owens between the wagon and the engine house door. He was considerably bruised but escaped serious injury.

For Sale.

Capt. John W. Pruett Resigns.

Capt. John W. Pruett, of the Bradley Guards, of this city, owing to his having been appointed Assistant Postmaster in this city, has resigned his office as Captain of the Company. His new official duties required Capt. Pruett's whole time and rendered this step necessary.

Lieut. Bernard Graham was elected on Monday night to fill the vacancy caused by Capt. Pruett's resignation. He will make an excellent officer.

HEADACHE cured in 30 minutes by Dr. Miles' Pain Expeller. "One cent a dose." At drug stores.

Wanted.

A white man to take charge of gardens and cows on the shares. Board and rooms furnished. Mrs. Wm. B. Rodman.

Royal makes the food pure, wholesome and delicious.

Accidental Shooting.

A lot of young colored men were out on the town Monday night and became a little too full. Albert Halleck was rather more drunk than the others and his friend, Eli Ellis, undertook to carry him home. Halleck had a gun in his hand, and on the way home he was accidentally discharged, the shot taking effect in the abdomen of Ellis.

Ellis made an antemortem statement in which he said Halleck did not intend to shoot him, but that it was an accident.

Halleck is the son of a very respectable and upright colored man, Mr. Jere Halleck.

Ellis died on Tuesday afternoon at 5 o'clock. Halleck was placed in jail to await his examining trial, but afterward released on bond.

Coroner Meagher held an inquest on Wednesday when a verdict was rendered in accord with the facts.

CASTORIA.

The Kind You Have Always Bought Bears the Signature of *Wm. D. Dr. Williams* The Wild West.

Col. W. F. Cody's Wild West Show gave two splendid exhibitions here on Tuesday last, and, notwithstanding the inclement weather of the morning, there were tremendous crowds present.

Extra trains were run on the L. & N. and E. & C. railroads, and they were packed full of people. Had the morning been propitious there is no telling how large the crowd would have been.

The receipts of the afternoon exhibition show that there were 12,000 people present. While the night ex-

hibition was not so largely patronized, yet the receipts were very satisfactory.

The exhibition itself was a splendid success in all respects. Every number on the program was fully carried out and the riding, shooting, &c., were marvels of skill and daring. The tableaux showing various scenes in the border life, including the Custer massacre, were vivid and life-like.

Taken all together there never has been and probably never will be, as realistic an exhibition of border life and occurrences of those times that have passed away forever.

A Mammoth Vine.

Mr. Howard Stedman has a squash vine—of the cushaw variety—growing in his garden at the Forks of Elkhorn, which is a wonder. It measures 10 inches in circumference at the base, the main stem is 37 feet long, one lateral 47 feet long, another 37 feet, 15 are 15 feet and 30 sub-laterals are 15 feet, giving a total length of vine of 796 feet. On the vine are 76 matured caskaws, which will average 12 lbs., or nearly half a ton for the lot. Now then if you can muster a bigger vine than this just trot it out.

We have known the spot where it grew for many a year, and have eaten lots of good dinners which came from that garden when owned by the late Marion S. Patteson, before the war.

Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

Hardin Nominated for Congress.

The Republican Congressional Convention of this District met in this city on Wednesday last.

After organization, a committee on resolutions made a report endorsing the National and State administrations; denouncing the Goebel and Bronston bills; eulogizing the work of the army and navy in the war with Spain; favoring the retention of all territory now occupied by the U. S. Army; and favoring the repeal of the civil service law.

Capt. Thos. J. Hardin, of Owen county, was nominated as their candidate for Congress.

Speeches were made by N. C. Cureton, Esq., of Henry county; Capt. T. J. Hardin, of Owen, and others.

Owing to the fact that the nomination of Capt. Hardin was a foregone conclusion, there were not as many delegates present as would otherwise have been the case.

The Weather.

The weather had been uncomfortably warm for the season up to Tuesday morning, when a drizzling rain fell until about noon. Then the thermometer commenced tumbling and by Wednesday morning light overcoats and fires were in demand. There was a slight frost in some sections of the county on Thursday morning, and the weather has continued raw and disagreeable since. However, we have no cause to complain, as the fall has been unusually pleasant.

IN MEMORIAM.

John T. Murphy.

The following memorial in regard
to the death of the late John T.
Murphy was adopted by the Masonic
bodies of this city:

To the Worshipful Master, Wardens
and Brethren of Hiram Lodge, No.
4, Most Excellent High Priest,
King and Scribe of Frankfort Chapter,
No. 3, and Exalted Commander
and Sir Knights of Frankfort Com-
mandery, No. 4, K. T.:

The grim archer has winged his
shaft and a shining mark in our
order has fallen. A form, once so
familiar at our gatherings will come
no more forever—a cheery, hearty
voice, so pleasant to our ears, is hushed
in death and our hearts are bowed in
deepest sorrow.

One short year ago our beloved
brother, companion and frater, John
T. Murphy, went forth from among
us, in all the pride and strength of
vigorous young manhood to woo
fortune in the fabled gold fields of
the west, and on the 23rd of July,
while journeying in that direction,
he, together with all on board, the
little craft he commanded, were
swallowed up by a storm-swept river.

After long, weary days and weeks
of battling with hope and fear, the
first sad news was made definite by
the yielding up of his mortal remains,
which now sleep in a lonely grave
on the frozen shore of that far away
land.

Brief, generous and manly, he
held the respect and confidence of all
with whom he came in contact.
Ever mindful of the duties imposed
by Masonry and a faithful adherent
of its teachings, his loss to us—who
were bound to him by the mystic
ties of fraternity—is great indeed.
His death was untimely and his
brethren mourn.

That his memory may be perpet-
uated in our archives, we recom-
mend that pages be set apart in the

records of the different bodies of
Masonry and this memorial recorded
thereon. We also suggest that a
copy be sent to the grief-stricken
mother and sisters of our departed
friend and frater—to whom our
hearts go out in warmest sympathy—
assuring them that, although we
are deprived of the privilege of paying
him the honors so justly his due, his
memory is dear to our hearts and
shall ever be cherished and kept
green.

Fraternally and courteously,

Advice to Consumptives

There are three great reme-
dies that every person with
weak lungs, or with consump-
tion itself, should understand.
These remedies will cure
about every case in its first
stages; and many of those
more advanced. It is only
the most advanced that are
hopeless. Even these are
wonderfully relieved and life
itself greatly prolonged.

What are these remedies?
Fresh air, proper food and

Scott's Emulsion

of Cod-Liver Oil with Hypo-
phosphites. Be afraid of
draughts but not of fresh air.
Eat nutritious food and drink
plenty of milk. Do not forget
that Scott's Emulsion is the
oldest, the most thoroughly
tested and the highest en-
dorsed of all remedies for
weak throats, weak lungs and
consumption in all its stages.

FRANKFORT, OCTOBER 14, 1898.

The Right Talk.

Our government has notified its Cuban Commissioners that it will take formal possession of the island of Cuba, its custom houses, ports, etc., on Dec. 1, and that the Spaniards must make arrangements accordingly.

Spain is kicking against having her usual policy of delay interfered with, and says she will maintain a large force in Cuba until the peace propositions are signed.

We have believed all the time that Spain needed still further spanking, and the message of our government opens the way.

Mistaken Policy.

It does seem to us that the action of the City Council in ordering the street railway company to take up the T rails, that they have been using, and to replace them with the flat, or Thompson rail, is a grand mistake, to call it by no harsher name.

Lexington has brick streets and the T rail is used and the bricks fitted up close to the rail. So have other cities of the State. Why is it, then, that this, about the only enterprise left that helps to build up and advance the interests of our city, should be so hampered and injured as it will be by requiring the company to put down rails which are so much more expensive? Especially is this an uncalculated hardship upon the company who have just gone to the expense of putting down the new line to Cove Spring Park and that with new and approved T rails.

Frankfort needs to throw out all the inducements to new business enterprises that she can, and this shortsighted policy, looking to hampering and injuring this good thing, will have a very injurious effect, both at home and abroad.

We hope the Council will reconsider its action and let things remain as they are.

Y. M. C. A. Day.

Sunday last was observed as Y. M. C. A. day in the different churches of this city, where addresses were delivered as announced in our last issue.

In the evening a general mass-meeting was held at the First Baptist Church, of this city. The large audience room was literally packed with people of all denominations, it being estimated that there were one thousand persons present.

Addresses were delivered by Mr. J. E. Canfield, the local Secretary; Rev. A. T. Robertson, D. D., of Louisville; Rev. George Daisie, Mr. Ed. W. Hines, President of the local Association; Mr. John L. Wheat, of Louisville; and Mr. H. E. Rosewar, General Secretary for the State.

The services were interspersed with delightful music by a male quartette and a large choir of our best local talent.

The object of the rally was to arouse renewed interest in the work of the local Association and to awaken the people generally to the absolute necessity for action to relieve the pressing necessities of the organization.

The work done and the benefits flowing from its operations were fully and frankly laid before the people.

A canvass is being made this week to enable the people to show their appreciation of the Association. We hope it will meet with that cordial and enthusiastic response that this noble Association deserves.

Farmers' Institutes—Twenty to be Held in Kentucky.

Hon. Lucas Moore, State Commissioner of Agriculture, recently attended a meeting of the Advisory Board of the Bureau of Agriculture, at Lexington, to consider the question of holding a series of Farmers' Institutes throughout the State during the winter. The board decided

to hold not less than twenty of these Institutes during the season, and Mr. Moore and Prof. Seivel are now busy arranging for a corps of lecturers and selecting the points where the most good can be accomplished. The sum of \$5,000 was appropriated to pay the expenses.

The Institutes begin about Nov. 29th, and will continue up to within a week of the Christmas holidays. After the close of the holiday season, another series will begin and continue until the beginning of spring work on the farms. Interference with the attendance of the farmers. In order to take advantage of the good state of roads, the first series will be in the eastern part of the State, the western section receiving attention after the holiday season. No labor or expense will be spared to make these meetings both interesting and instructive, and preference will be given to those points displaying the most interest in the movement and evincing a desire to help out with the local talent.

Mr. Moore will be glad to hear from representative citizens in the various parts of the State, and to have correspondents mention the topics which will awaken the most interest and be best adapted to the needs of the farmers of that section.

Commodore Watson Hurt.

Commodore J. Crittenden Watson, while on his way to take command of Mare Island Navy Yard, at San Francisco, Cal., was the victim of a railroad accident by which his head was cut. The rails under the train upon which Commodore Watson was traveling spread and three cars were derailed. The Commodore was thrown against the window of his car and a gash about two inches long inflicted. He is all right now.

"Oh Promise Me!" At some time in her life Cupid plays in every woman's ear, and when that time comes it is a woman's duty to think twice before she answers. She should think once for herself, and once for the man who has chosen her for his life companion.

If she is suffering from a torturing, dragging weakness or disease so prevalent with her sex, she has no right to answer "Yes" until her health is restored. If she does, until her health is restored, her life will be an unhappy one. Dr. Pierce's Favorite Prescription is a scientific remedy that cures all weakness, disease, disorder and derangement of the delicate and important female organs. It is not a "cure-all," but a medicine devised to correct this one class of disorders and no other. It has accomplished its purpose in tens of thousands of cases, as is shown by tens of thousands of testimonials of the grateful patients themselves. It imparts vigor and vitality to the entire womanly organism, and is the best of all nerve tonics and restoratives. It fits for wisdom and motherhood, it transforms weak, nervous, dependent invalids into healthy, happy women.

I was so weak, I could scarcely walk about the house," writes Mrs. Mattie Scruggs, of Allen's Creek, Amherst Co., Va. "Was reduced to mere skeletons. I was never free from pain in the back and head and could not sleep at night. I have tried the bottles of Dr. Pierce's Favorite Prescription and Golden Medical Discovery and taking these six weeks I feel like a new person; sleep well and pined in flesh. I am doing all my own housework and we have cheer in the family."

A man or woman who neglects consumption suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

WAR EFFECTS REPRODUCED.

Pain's Brilliant Pyrotechnical Spectacle, The Battle of Manila.

Lexington is to have three performances of Pain's War Spectacle, the Battle of Manila, which will be presented at Woodland Park, Oct. 18th, 19th and 20th.

The picture representing the Bay of Manila is three hundred feet long. The city of Manila is seen in the distance, the Spanish forts, including the famous Fort Cavite, are presented with historical accuracy. The American and Spanish fleets are seen in action. Devey's flag-ship is observed steering up the channel towards Manila and when opposite Fort Cavite the bombardment commences.

The Spanish warships return the fire and as the fight progresses a vivid idea of naval warfare is presented. The U. S. S. Baltimore, with her big guns in action, is a thrilling spectacle. The burning of the Spanish flag-ship is shown, as is the Spanish Admiral fleeing from one ship to another.

The explosion and blowing up of the Spanish fleet and the reduction of the fortifications all ends with a grand tableau of "Old Glory" and Pain's World's Fair fireworks display.

Incidental to the battle scene a number of high-class specialty acts are introduced.

American, Spanish and Philippine soldiers take part in the land battles. Over one hundred and fifty people are seen in the production.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best to be chosen in the second place; what reason (i.e., Theory) says is best is to be chosen in the last place. But if you can get Dr. Inclination, Dr. Experience and Dr. Reason to hold a consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr. Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the secretions and restoring the system to a natural and healthy condition. For sale by J. W. Gayle.

New Ceremony.

We understand that Judge J. Dan Moore is exacting a new promise from bridegrooms, which is not laid down in any church or civil law, so far as we know. Sheriff Suter is ready to testify as to the new form.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Texas, has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure, would have it even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's new discovery for Consumption. Trial bottles free at J. W. Gayle's Drug Store. Regular size 60 cents and \$1.00. Guaranteed to cure or price refunded.

Reports of the Secretary and Treasurer approved by the Executive Committee.

NOTES.

At this first meeting of the Society since the general meeting in June, the Executive Board moved that the thanks of the Kentucky Historical Society be publicly tendered Mr. John T. Buckley and other officers of the Electric Street Railway for the generous use of their coaches on the 7th of June, and the delightful truly ride to Leesdown, Cave Spring Park and other historic spots visited that day.

Also thanks be tendered Mr. Donald McKay of Co. H, 1st Ky. Vol. Inf't, at Camp Ponce, Porto Rico, for his interesting letter and the ingenious illustration of a "Bill of Fare" drawn by him, for the benefit of the heathen waiters at the Spanish Restaurants, who were ignorant of the English language, hence could not understand the orders of the American soldiers who could not speak Spanish. When these waiters were handed McKay's illustrated bills of fare with orders at the restaurant there were no more provoking mistakes and laughable blunders with the yellow heathen.

Watch Out.

A mad dog was shot and killed on Main street, on Tuesday, but not before he had bitten several other dogs. A close watch should be made and further damage avoided.

It would be a good thing if about a thousand of the worthless curs, who run our streets and make night hideous with their howls, should be given a quietus. We know of more than one person who have had their night's rest ruined by the howls of these pests.

Big Merchants' Carnival, Knoxville, Tenn., Oct. 15-21.

The merchants of Knoxville, Tenn., have arranged a big Street Fair and Trade Carnival, October 19th, 20th and 21st, 1899. This event promises to be more beautiful and expensive than ever before.

The Southern Railway Company will sell round trip tickets at one fare for the round trip from points in Kentucky, October 16th, 19th and 20th, limited for return until October 28, 1898.

FIFTY YEARS OLD

Why let your neighbors know it?
And why give them a chance to guess you are even five or ten years more?
Better give them good reasons for guessing the other way. It is very easy; for nothing tells of age so quickly as gray hair.

Ayer's Hair Vigor

is a youth-renewer.

It hides the age under a luxuriant growth of hair the color of youth.

It never fails to restore color to gray hair. It will stop the hair from coming out also.

It feeds the hair bulbs. Thin hair becomes thick hair, and short hair becomes long hair.

It cleanses the scalp; removes all dandruff, and prevents its formation.

We have a book on the Hair which we will gladly send you.

If you do not obtain all the benefit you expect from the use of this Vigor, write the doctor about it. We will refund your money with your general system which we do not refund.

The class was: Miss Lucy Dennis, Miss Katie Ready, Miss Annie Chontie, Miss Beale Warford, Miss Elizabeth Edge, Miss Lucy Pierce, Miss Fannie Crutcher, Miss Annie Collins and Miss Katie Tracey. Miss Tracey died, and the rest are all married but one. Fancy just one who still has the courage to say "No."

CLOSE OBSERVER.

The Indian Outbreak.

Gen. Bacon defeated the Bear Island Indians, but at considerable cost in loss of men. But the situation is still far from satisfactory. He has ordered the several troops of soldiers in his department to hold themselves in readiness for instant service. He has also notified the Indians of Bear Island that they must surrender the men wanted by the U. S. Marshal and come in themselves to their proper places or he will proceed to force them to measures. The Indians are kicking at this.

Painful Accident.

We regret to learn that Mr. Sam Brown was so unfortunate as to lose his footing on the stairs, at his mother's home, and fall down the steps, breaking his right ankle. The accident was not serious, and Mr. Brown is going about on crutches.

It is a little singular that Mr. Brown should have passed through the terrible battle at Santiago, Cuba, without a scratch and now to meet with this accident at home.

FRANKFORT, OCTOBER 8, 1898.

Louisville Pike.

Again October is with us, but how changed from last year. The summer has been passed by many of us, not in pursuit of pleasure but in anxious hopes and fears in watching with breathless eagerness for news from Cuba, from Porto Rico, from Spain or from the Philippines. The sickening suspense has been ours, the burning heat, the thirst, the deprivations of camp life, the terrible marches, the still more terrible fighting, have been the part of our brave soldiers. They say that these are the melancholy days, but, with the cruel war over, and peace smiling into our faces, we can well afford to let the sadness of the falling leaves and the gloom of the coming winter do their best to make us forget the spring that is in our hearts, with the coming of no more bloodshed and sickness, and the horrors of war. Let us thank God earnestly that the shadow lasts no longer than it did, nor was any worse.

Miss Katie Merchant visited our neighborhood this week.

Miss Ida Sanford is spending the week with Miss Flynn.

Miss Ola Hawkins has returned home from Troy. She was delighted with her trip. Says she is going again in the future.

Miss Moore, who has been quite ill, is able to be out again.

What has become of our friend J. Dooley? We don't see him now, but hope he will return some day in the sweet bye and bye.

When you have an old plug just send for Black Hawk and Will Holder. They can get you a buggy nag or a good work horse for it. It just beats any time.

Miss Kate Forbes was the guest of Mrs. Robert Gordon this week.

Miss Ola Hawkins went over to Chouteauville to Church last Sunday afternoon. I know she must have enjoyed the sermon very much indeed.

Janitor-Fireman, Frankfort, Ky., Nov. 1, 1898.

The United States Civil Service Commission announces that it is desired to establish an eligible register from which a selection may be made to fill an existing vacancy in the grade of janitor-fireman at a salary of \$720 per annum, in the custodian service at Frankfort, Ky.

Eligibility for appointment will be determined from an examination into each applicant's experience, ability and character as a workman and physical qualifications for the work to be performed.

Applicants must be citizens of the United States, and, under the regulations of the Treasury Department, must be between the ages of 21 and 60 years.

Persons who have suffered the loss of an arm or leg, who are ruptured or who have other serious disability, are considered physically disqualified for appointment to the custodian service.

This examination is open to all citizens of the United States who may desire to enter the service, and who comply with the requirements, without regard to race or political or religious affiliations. All such citizens are invited to apply; but attention is invited to the fact that it is the practice of the Department in filling vacancies in the custodian service to give preference to eligibles who are legal residents of the place or vicinity where the vacancy exists. Applicants will be examined, graded and certified, with entire impartiality and wholly without regard to any consideration save their ability as shown in the examination.

Persons desiring to enter this examination should apply to the Secretary of the Board of Examiners at the postoffice in the city above mentioned, for application blanks, form 1032, which should be properly executed and at once forwarded to the Commission at Washington, D. C. Oct. 6, 1898.

The Hawaiian Islands.

The Chicago and Northwestern Railway has issued a booklet with the above title, giving a brief description of these islands, their topography, climate, natural resources, railways, schools, population, etc. It contains a folding map and mentions the various steamship lines plying between the Pacific ports and these islands. Attention is also called to the unparalleled facilities offered by the Northwestern Line, the pioneer line west and northwest of Chicago, for reaching San Francisco, Los Angeles, Portland and other western points. The booklet will be sent to any address upon receipt of four cents in stamps by W. A. Cox, 415 Vine street, Cincinnati, Ohio; or W. B. Kniskern, 22 Fifth avenue, Chicago, Ill.

Our little boy was afflicted with rheumatism in his knee, and at times unable to put his foot to the floor. We tried in vain, everything we could hear of that we thought would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave us so much relief that we got a second one, and, to our surprise, it cured him sound and well. J. T. Bays, Pastor Christian Church, Nodestha, Kan. For sale by J. W. Gayle.

The Havana Limited.

The first American railway to announce train service for the special benefit of travel to the West Indies has been heard from. The Queen & Crescent Route are announcing a fast train known as the "Florida & Havana Limited." It will go into service from Cincinnati to Tampa, Jacksonville, Miami, Mobile and New Orleans. This exponent of the genuine American idea of getting into the field early will be a complete vestibule service, with diners, observation cars, wide vestibules, electric headlights, and all the paraphernalia of the modern railroad train. It is chiefly to be marked as being first in the field for the new territory which is just coming under the protection of the greatest flag on earth. Train will make fast time to ports named and will connect with fine steamer service to various ports in Cuba, Porto Rico and Jamaica. It marks a new era in railroading in this country.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY CLOVER & DURRETT LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 1,243 hds., with receipts for the same period of 944 hds. Sales on our market since January 1st amount to 87,155 hds. Sales of the crop of 1898 on our market to this date amount to 71,701 hds.

We have had a week of very small offerings and there is but little change to note in the general condition of the market. Such colory tobaccos are all selling below \$10, and and short, red common grades have been somewhat stronger, but the market for the good grades of leaf, either of red or colory type, has shown no symptoms of improvement and prices have been very unsatisfactory to sellers. Occasional good hds. have sold from \$15 to \$17. A few new hds. have appeared on the market during the week but all of these were medium or common grades and prices have ranged from \$5 to \$8 per hundred.

The following quotations fairly represent our market for burley tobacco 1898 crop:

Trash (dark) or damaged	\$4 00@ \$5 50
Common Colory trash	5 00@ 7 00
Medium to good colory	7 00@ 10 00
Common lugs not colory	7 00@ 9 00
Common Colory lugs	8 00@ 10 50
Medium to good colory	10 00@ 13 00
Common to medium leaf	10 00@ 14 00
Medium to good leaf	14 00@ 16 00
Good to fine leaf	18 00@ 18 00
Select or wrappery	18 00@ 26 00

\$500 REWARD

We will wager \$500 that no bicycle manufacturer in America is producing a High Grade Bicycle equal to our 1898 American Special, on which has been placed a price of \$50 and is offering to the general public, to all alike. Further, that our

BICYCLES AT

\$17.50 \$22.50 \$30.00 \$35.00

Are better bicycles than can be bought in America for the same money.

We employ no travelling men, issue no expensive circulars, sell our entire output to the riders for cash only, have no bad debts, therefore, can sell \$100 bicycles 100 per cent. cheaper than any manufacturer in the United States. We never deceive the public. No one can succeed in so doing. Our bicycles are sent subject to approval without any advance whatever. We expect to sell 15,000 bicycles in 1898 and we only want to make \$1.00 each. We much prefer to sell 15,000 at a profit of \$1.00 each than 1,000 at \$15 each. Any price above ours made by other concerns are made so by extravagant expenses, and don't let anyone convince you that you should pay for extravaganzas and bad debts of others.
